Letter dated 26th June 1901, from the Honorary Secretary, Shorthand Writers' Association, to the Inspector General of Education in Mysore -

Considering that a preface is quite unnecessary in the present instance as the commercial classes in connection with the Bangalore Shorthand Writers' Association, have already become a subject of home talk among the students and officials, rather among the general educated public of the Province and the Presidency, I have the honor to state that, at the suggestion of a few gentlemen of the City who took great interest in the advancement of Commercial Education, classes for the teaching of Phonography, Book-keeping and correspondence were formed during the latter part of the year 1896 and these were recognised by Dr Duncan, the late Director of Public Instruction, Madras, as fitted to impart education in the several subjects referred to above

2 Pupils, for the examinations in these subjects to be held under the authority of the Commissioner for Government Examinations, were sent up for the first time from this Institution in 1897 and the results achieved, it is not necessary to state, were splendid and the teachers were rewarde for the self imposed labour of love rendered by them to the Institution during a short period of three months

3 In the different examinations at which our pupils sit, they have been doing year by year better than pupils of any other Commercial school in the Presidency The accompanying table will no doubt bear to the statement made It will be seen from the table that none of the pupils were sent up for the examinations held in April 1899, owing to the outbreak of plague in Bangalore during the working part of the year, that is from September 1898 to January 1899, applications for admission being due on or before the end of January 1899

4 The fees levied are so low that it is with great difficulty the contingent charges of the Institution are met with With the kind permission of the Principal of the London Mission High School, classes are held on three days in the week between the hours of 6 and 8 P M ,

and are taught by the undersigned, with the assistence of two others
It is proposed to add Banking, Commercial geography and Type-writing, to complete the course for diploma in Commerce, in which case classes have to be held every day Under these circumstances the present staff is not only insufficient but also overworked It is also feared that the two asststants have to be relieved at no distant period and the whole burden of tuition consequently falls on the Head Master It is not possible to get persons who would work gratis and therefore it was proposed by the Committee that you may be requested to help the classes with a grant-in-aid at least to meet the salaries of the teachers, so that an institution which has done so much good to the public within the short period of its existence may not be abolished for want of pecuniar help

5 This school is the first and the only one of its kind in the Province and thus being situated in a Native State, cannot lay claim upon the finances of the Presidency which would have gladly supported if the institution were within its jurisdiction Subjects being special, duly qualified teachers cannot be had for less than Rs 15 per mensem

6. Under these circumstances I have the honor torequest that you will be pleased to view the matter in the way it deserves and thus support with a monthly grant-in-aid of Rs 50, a valuable institution in the Mysore State

Docket No 11858/2993 dated 30th June 1901, from the Inspector General of Education in Mysore, to the Honorary Secretary, Bangalore Shorthand Writers Association -

With reference to his application of the 26th June 1901 bearing this office Reg No 14652/3936 of 26-6-1901, has the honor to inform that the application has come too late to be included in the budget for 1901-2 It should have been sent before the 1st March It should be renewed before the 1st March 1902

often with applications of the kind, but, however he said that if there be any savings in the budget for the current year, he would help the Institution with a grant-in-aid

4 Considering that the Institution is a special one and as such requires special encouragement, I have the honor to request that ou will be pleased to provide in t current years budget, which, I hear, is now under consideration with the Government, the amount sough for as a grant n aid and thus support a valuable Institution in the State

5 I am sure that Mr Bhabha would very stron ly recommend the Institution for a grant-in-aid if the applic ion is only referred to him for his remarks

Sir,

1) Letter dated 28 June/01 to the Inspector General of Education
2) Docket no 858 dated 3 July/01 from the Inspector General of Education

In forwarding herewith copies of the marginally noted correspondence, I have the honor to state that the Commercial Institution attached to the Bangalore Shorthand Writers' Association is the first and the only one of its kind now in the Mysore State

2 The benign Government has encouraged the training of the young in all professions but commerce It has been awarding scholarships in Medicine, Law, Engineering, &c , but it has done nothing towards commercial education To fill up this gap, the Shorthand Writers' Association has undertaken the training of the rising generation in this direction

3 It is not necessary to state here that the institution during the short period of its existence, has done splendidly at the Government Examinations as will be seen from the statement accompanying the application dated the 26th June 1901, addressed to the Inspector General of Education in Mysore When this application was presented by me in person to Mr H J Bhabha he was kind enough to inform me that the application was too late and that he was not willing to trouble the Government too

Bangalore.

SIR,

With reference to your docket No 3077/84 dated 18th August 1901, I have the honour to inform you that I have inspected the Commercial classes managed by Mr. C Lakshminarayya and am satisfied that they are doing useful work

2 Under the head of grants-in-aid there is at present a saving of Rs 24/- a month I recommend that a grant of Rs 20 a month may be sanctioned in aid of the Commercial Classes for the present. Mr. Lakshminarayya is making every effort to improve

the strength and teaching of these classes and it may be necessary before the end of the present official year to recommend a larger grant to come into force from 1st July next Mr. Lakshminarayan's self-denying efforts and enterprise are worthy of all praise and help, and I should be glad if the present classes could in course of time, with the help of Government, develop into a fairly good commercial school. I return herewith the petition of Mr. Lakshminarayan bearing Reg No. 341 R of 29th July 1901

I have the honour to be,
Sir,
